

## Preliminary Schedule for PantheaCon 2020 (12.5.19)

This is the **first draft** of the Schedule. It does not include the scheduling for the extra wine rooms we have this year, and the program for Monday is also not very complete yet. We will be adding new events as the usual number drop out. If you do not see your event offering here, it's because we have not contacted all those who might be on the WAIT LIST. Some Wait Listed events will be added as need arises. All declined events will be notified in the next few weeks.
